Introduction

Sports for Schools is a proud company that visits many schools across the UK, with its very own selection of sporting stars. We will arrange a visit to your school with your very own celebrity athlete who will help motivate and encourage the children through our Sports for Schools sponsored fitness circuit. A large percentage of all money raised will go back to your very own school for the purchase of new P.E equipment or other projects you may have ongoing within your school. Sports for Schools will arrange a percentage of the money to be awarded to those young athletes or clubs aspiring to be our future champions of today.

We at Sports for Schools have taken a great deal of time to ensure that all children can participate in our events knowing the correct health and safety procedures are in place.

Leroy Lita
Reading F.C and England footballer

How does the Sports for Schools scheme work?

Our Sports for Schools initiative comprises of two visits. The first visit is an assembly which will last approximately 15 minutes; this is usually done one week before we run the event and involves a talk with the children and teachers explaining to them the format of the day. This is an aim to inspire and motivate the children prior to the event. There will also be an opportunity for anyone to ask the team any questions. It is at this assembly we will give out the sponsorship forms to the teachers to distribute to the children at a convenient time.

The second visit is referred to as 'The Event'. This will either be in the morning or after lunch depending on the schools preference and size. The entire event will last a maximum of two and a half hours. The event requires a constant flow of children filtering through the sports hall. Class by class the children will participate in 4 different fitness exercises in which they will perform as many repetitions as they can at each station for one minute!

After all children have been put through their paces, your sporting personality will be hosting a school assembly. The athlete will talk about memorable sporting experiences, provide a demonstration and hold a Q and A session lasting approximately 40 minutes.

Jade Johnson
UK's no. 1 long jumper 6th at 2004 Athens olympics.

Ross Brewer
GB's no. 1 gymnast and 3 times Commonwealth games medalist. Competed at 2000 Sydney olympics.

How will this help your school?

The Sports for Schools experience is a fun and exciting opportunity to meet our sporting champions of today. We also find it is a great way to encourage more children to take regular exercise and enjoy sport. All children will obtain sponsors for the elementary fitness exercises that they carry out on the day of the event. Once all money has been collected after the event the funds raised will then be divided as follows:

Your school 60%

Sports for Schools 40%

Beth Tweddle
GB no.1 gymnast, Gold medalist at world and European championships.

We find most schools decide to use these raised funds for the purchase of extra P.E equipment or other ongoing projects within the school, but the decision is entirely up to your school.

With the money that Sports for Schools receives, a percentage is donated to young up and coming athletes at grass root levels.

Feedback from Schools

Braeside Prep School, Bromley
Denise Stone - P.E Co-ordinator;

"Absolutely brilliant! The session was fantastic, it ran very smoothly and was very well organised. Motivated the kids and all pupils really enjoyed the circuit. A fantastic demo which will encourage the pupils to participate in many sports".

"Thank you very much!"

Darell Primary - Richmond
Lara Comport - P.E Co-ordinator;

"Very good and well organised. Children really enjoyed the event thank you for a very well organised and enjoyable event. Staff were really enthusiastic, the children were really well informed and well motivated".

Leroy Lita
Reading F.C and England footballer.

Martyn Bernard
GB no.1 high jumper Commonwealth games silver medalist.

Coopersale Hall Prep School - Epping
Adrian Robinson - P.E Co-ordinator

“Well organised, excellent. Quick, fun, efficient motivators, fantastic and safe”

Kingston Primary - Essex
Deputy Head

“Children really enjoyed the activities and a well organised event. Time management was excellent. Incredible demonstration that was inspirational, well paced and involved pupils - excellent”.
